BAQs very often form the base for various other types of displays in Epicor ERP. Once you have built your BAQ (and if you are following this as an example I would just start with a very basic one using data from a single table) then you are ready to get started. Step 2 - Access the BAQ Report Designer.

Accessing your Epicor ERP data with BAQ forms in five ...

Just got Epicor 9.05 installed and when I tried clicking on the users desktop icon for the training database, I got Access is Denied. I then tried going through the start menu, same thing. Funny thing is we have terminal

services and 1 out of the 3 worked fine.
