History. The origin of the word "plumber" dates from the Roman Empire. Roman roofs used lead in conduits and drain pipes and some were also covered with lead; lead was also used for piping and for making baths. The Latin for lead is plumbum.In medieval times, anyone who worked with lead was referred to as a plumber; this can be seen from an extract about workmen fixing a roof in Westminster ...

Plumber - Wikipedia

HEALTH ASPECTS OF PLUMBING 24 25 6.1.2 Water supplied for human consumption should be safe at all times Plumbing systems in domestic or commercial premises should not be permitted to degrade the mains water in any way. The drinking-water supply must be protected from cross-connections with unsafe sources or with wastewater plumbing systems.
