Structurizr is a collection of tooling to create software architecture diagrams and documentation based upon the C4 model. Diagrams as code Java, .NET, TypeScript, PHP, Python, and Go via the JSON web API

### **Structurizr**

Software architecture descriptions are commonly organized into views, which are analogous to the different types of blueprints made in building architecture. Each view addresses a set of system concerns, following the conventions of its viewpoint, where a viewpoint is a specification that describes the notations, modeling, and analysis techniques to use in a view that expresses the architecture ...

### **Software architecture - Wikipedia**

Architecture documentation (also known as software architecture description) is a special type of design document. In a way, architecture documents are third derivative from the code (design document being second derivative, and code documents being first). Very little in the architecture documents is specific to the code itself.
