The Turn of a Friendly Card is the fifth studio album by the British progressive rock band The Alan Parsons Project, released in 1980 by Arista Records. It is a concept album that revolves around the theme of gambling and of the inherent effects that arise from gambling addiction. The title piece, which appears on side 2 of the LP, is a 16-minute suite broken up into five tracks, with the five ...

The study of traders is important to the study of Native American tribes and ancestors. Most, if not all, traders established Native relationships, and by that, I mean marital or intimate relationships. What that means, exactly, depends on the culture and time times. It can mean anything from the Native cultural tradition of providing guests...
