William Blake And The Digital

Poet, painter, engraver, and visionary William Blake worked to bring about a change both in the social order and in the minds of men. Though in his lifetime his work was largely neglected or dismissed, he is now considered one of the leading lights of English poetry, and his work has only grown in popularity. In his

published as the frontispiece to the 1794 work Europe a Prophecy. It draws its name from one of God's titles in the Book of Daniel and shows Urizen crouching in a circular design with a cloud-like background. His outstretched hand holds a compass over the darker void below. Related imagery appears in Blake's Newton, completed the next ...

The Ancient of Days - Wikipedia

The son of a middle-class tradesman in London, William Blake received vocational training rather than a classroom education. Enrolled in drawing school at age 10 and apprenticed to a master engraver of book illustrations and prints by 15, a steady and predictable print shop career awaited.
