### Project 1959 235 - Deve's TechNet

If you have ever heard that the new style 235 gets better compression numbers with an "848" Head, look for the last three numbers of that Casting Number. I only put the numbers here that I can prove, so this is a short list. 1954-1955 235 Engine 3835913; 1956-1962 235 Engine 3836848; 1956-1962 261 Engine 3836850

### GM Casting Numbers - Deve's TechNet

It is interesting that GM shows a standard combination fuel and vacuum fuel pump in the 1958 Specifications Manual; however, in 1959 the combination fuel and vacuum fuel pump is shown as standard only on the 235 engine? The dual action fuel pump had different names, but it was RPO-340 in many years (Regular Production Option - factory installed).
