Amazon.com: Anatomy of a Volume Profile Trader: Learn tips ...

Overview. Anatomy of
a Volume Trader was
written for those who
want to trade well.

Most intra-day traders
wish for the ability to
capture tops and
bottoms while exiting

at the end of the move.

While this may occasionally happen it is a very rare due to pullbacks and changes in trend. Anatomy of a Volume Trader

attempts to increase such entry and exit efficiency through advanced volume analysis.

The volume profile strategy is basically a study of the volume based on price. This is a bit different compared to the regular volume bars that we mentioned in the previous section of the article. While regular volume tends to display the total volume of the security for a given session, volume profile displays the volume of the security for a given
