Blue Pelican Java as a name for this book. One of the early (and free) java IDE's available for students was BlueJ and it was the first my students used. I always thought BlueJ was an elegant name and had expressed a desire to a colleague to continue the tradition by naming the book after some other blue-colored bird.

The short quizzes for each lesson in this section are not comprehensive and not very difficult. Normally, only basic, superficial questions are asked. The general philosophy here is for the specter of a quiz to always be hanging over the student where he knows he must quickly acquire a general working knowledge of the subject but at the same time
