Librivox.org is a dream come true for audiobook lovers. All the books here are absolutely free, which is good news for those of us who have had to pony up ridiculously high fees for substandard audiobooks. Librivox has many volunteers that work to release quality recordings of classic books, all free for anyone to download. If you've been looking for a great place to find free audio books, Librivox is a good place to start.

The swatch kit is just a book that has blank pages with fabric swatches that are supposed to affix to the pages. The pages are blank unless you are getting a used book. In that case, the previous owner will have filled out the information about the swatch which could be incorrect.

Amazon.com: Customer reviews: Fabric Science Swatch Kit ...

The science kit she recommends for kids: Steve Spangler Science Club. Why: "He's amazing. He has this science club, a monthly subscription box with a science activity you can do with your kids. It's great for parents—it just comes to them each month. The sample box I got was for growing jelly marbles.
