While modern books are born digital, books old enough to be in the public domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

The FIDIC Plant and Design-Build Forms of Contract Illustrated crystallizes the requirements of the FIDIC P&DB contract into a range of simple to follow flow charts, providing a clear and concise way to rapidly assimilate the requirements of each clause. The relationship between the various clauses in the contract, the concepts, process methods and actors involved in each sub-clause are all easily seen, and key issues around each topic (such as periods allowed, notices, etc) are all documented.
