By Raphaella Brandner. Teaching children how to read is important. Teaching them to comprehend what they're reading is critical. Reading comprehension is a multifaceted process that depends on the student's cognitive development, experiences and prior knowledge of a subject, ability to make inferences, and more, according to Literacy in the Early Grades by Gail E. Tompkins.

Definition. Motivation is commonly defined as what explains why people or animals initiate, continue or terminate a certain behavior at a particular time. Motivational states come in various degrees of strength. The higher the degree, the more likely it is that the state has an influence on behavior. This is often linked to forces acting from within the agent that result in goal-directed ...

Early history. In Western culture, contributors to the development of psychology came from many areas, beginning with philosophers such as Plato and Aristotle. Hippocrates philosophized about basic human temperaments (e.g., choleric, sanguine, melancholic) and their associated traits. Informed by the biology of his time, he speculated that physical qualities, such as yellow bile or too much ...

From the start of Shakespeare's Othello, Iago makes it very clear that he holds no love for the title character. In his opening argument with Roderigo, Iago says that his anger stems from the fact that Othello unfairly passed him over for promotion and made Michael Cassio his lieutenant, even though Cassio, unlike Iago, has no military field experience.

What motives inspired Iago to plot revenge against Othello?

The first reading order for the Wheel of Time books is what I like to call the "Purist" version. That is the group of people who want to read the books in Publication order, the same way they were enjoyed by the series' original readers back in the 90s.
