The principle is that, upon reunification, despite the practice of socialism in mainland China, both Hong Kong and Macau, which were colonies of the UK and Portugal respectively, can retain their established system under a high degree of autonomy for up to 50 years after reunification. However, what will happen after 2047 (Hong Kong) and 2049 (Macau) has never been publicly stated.

One country, two systems - Wikipedia
The demographics of China demonstrate a large population with a relatively small youth component, partially a result of China's one-child policy.China's population reached 1 billion in 1982. As of November 2019, China's population stood at 1.394 billion, the largest of any country in the world.According to the 2010 census, 91.51% of the population was Han Chinese, and 8.49% were minorities.
